

MAXX™ series

Maximize your results

The MAXX 200 is designed to deliver powerful cleaning for carpeted surfaces and upholstery. With adjustable 50-200 psi and instant 212° F heat, the MAXX 200 has cleaning power and versatility for any heated carpet extraction or upholstery cleaning job.

Low moisture and powerful 3-stage vacuum delivers superior water recovery and quicker dry times. The compact, light weight design makes this machine easy to use as a single operator.

Features

- Instant 212° F heat from the 2000 watt, in-line heater that carries a lifetime warranty
- Powerful 3-stage vacuum for optimum water recovery, combined with low moisture of only .8 gpm delivers quick dry times
- Large 12" wheels for easy transport and single person operation - even on stairs
- Circuit locator light to help eliminate blown fuses and/or breakers
- 13 gallon capacity for longer run times

MAXX™ 200

Heated Carpet Extraction

Ultimate versatility

From carpet to upholstery, even office divider walls, the MAXX 200 gives you the versatility to do it all and maximize your productivity and service offerings.

CLEANMASTER

Accessories make the job easier

With the versatility of the MAXX 200, you have the ability to use a multitude of CleanMaster accessories, to maximize your productivity.

Evolution Wand

Half the weight, twice the performance - The Evolution is not your standard wand. It is extremely lightweight. The Aluminum tube and roto-molded head help to reduce fatigue on the technician. The sealed Delrin glides help the wand to be easily pushed across the carpet, and are tapered to keep a good seal on the fibers. The Evolution will change the way carpets are cleaned. It is available in two sizes: a 12" head with 1-1/2" tube and a high production 16" head with 2" tube.

Part Number: 1-1/2" - 000-163-034
2" - 000-163-035

DriMaster DM2

It's unlike any tool you've ever used. The solution is under constant flow, trained by the patented injector bar and slotted vacuum port system. No need for a dry pass. Now with optional comfort grip. Durable, composite polymer construction.

- 50% increased solution flow
- 20% larger cleaning head
- Improved swivel hose and cuff assembly

Part Number: 000-163-012

MAXX™ 200

Heated Carpet Extraction

Specifications

Part Number	100-610-200
Vacuum	5.7" 3-stage vacuum
